DETAILED ACTION

Quayle Action

1. Changes made to claims 3 and 5-11 have been reviewed and accepted.

Allowable Subject Matter

2. Claims 1-11 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art of record teaches of a method for adjusting the output power for transmitting data of a link in a radio communications system.

The prior art of record fails to teach in which first of all, **data of the link is transmitted via a first channel while the quality of the data transmission is adjusted by correspondingly varying output power, then data of the link is transmitted via a second channel, wherein the output power is initially set to a value which is dependent upon a value of the output power at the end of transmission via the first channel and upon a modification of the reception conditions of the link during the changeover from the first channel to the second channel.**

Regarding claim 11, the prior art of record teaches of a station for transmitting data of at least one link in a radio communications system.

The prior art of record fails to teach **of a station with means for transmitting data of the link via a first channel, with means for adjusting data transmission quality via the first channel by correspondingly varying output power, with means for then transmitting data of the link via a second channel, with means for initially**

setting the output power on the second channel to a value which is dependent on a value of the output power at the end of transmission via the first channel and upon a modification of the reception conditions of the link during the changeover from the first channel to the second channel.

Claims 2-10 depend on claim 1; therefore, they are allowed for the same reasons as set forth before.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
